digitize your collection of cds and dvds into a digital library with the cd/dvd digitizer! the tool is based on a patented algorithm which uses mp3 files as a source. using your optical drive, you can easily: create an mp3 disc that can be played on any computer, create an audio cd from your mp3 files or burn an mp3 audio cd from your pc. you can also create an mp3 audio disc from a dvd, and the program automatically detects video on a blank dvd! to digitalize audio cds, simply drag the cd into the program and the tool reads the tracks sequentially. no need to use folders - all data is automatically categorized for fast file management! what's all this talk about making money? ashampoo burning studio is a tool for entertainment, not to get rich! but if you like to get a little extra for your hard work, the program comes with numerous business plans. you can sell the tools you make or open your own online store where you can sell your own products or sell other people's tools. the income generated using the tools can be transferred to your bank account

or converted into gift cards. in addition, we've created a new device manager and redesigned the gui, which makes your task even more comfortable. in addition, you can use functions like a resizer for you're private videos and rename your files, which are not supported in the classical dvd ripper. one of the major new features in ashampoo burning studio 23 is the intermediate buffering which was previously only available in cd+g hybrid burning mode. it dramatically reduces the time required to burn cds, dvds and other discs of all types. a standard single-pass approach is now possible for both cd and dvd types. the program also supports the brand-new iso standard for storing your own data on cd/dvd discs. no more wasted cds or dvds, or spent time ripping your audio tracks to disc. ashampoo burning studio 23 makes your audio discs and other media a breeze!

Ashampoo Burning Studio 2020 1.21.3 [Freeware]
